The following measures promote and maintain independent judgement in relation to decision-making:

John O' Sullivan is CEO of the Company and is therefore not an independent Director.

Additional information including experience, Directors in office at the date of this statement and date of appointment of each Director, are set out in the Directors' Report of the Company's FY24 Annual Report.

The Company's core values are inherent in its business practices and displayed on its Website.

The Code of Conduct provides that all material breaches are reported to the Board or the Audit and Risk Committee.

The Board has adopted a Whistleblower Policy which supports the Company's commitment to ethical behaviour and a culture of compliance and honesty and encourages reporting unethical behaviour and misconduct without fear of possible adverse repercussions.

The Whistleblower Policy provides that, subject to observing confidentiality obligations, investigation reports are provided to the Chair of the Audit and Risk Committee.

In addition, EXP has adopted a Supplier Code of Conduct outlining the ethical standards and behaviours EXP expects from itself and its suppliers.

PRINCIPLE 4 – SAFEGUARD INTEGRITY OF CORPORATE REPORTS

The Board has established an Audit and Risk Committee which comprises three Independent Non-Executive Directors, Neil Cathie (Chair), Bob East and Michelle Cox. Each member of the Audit and Risk Committee has a broad range of financial knowledge. Neil Cathie has relevant accounting qualifications, extensive financial and reporting experience and is a Fellow of CPA Australia (FCPA).

The role of the Audit and Risk Committee is to oversee the Group's financial reporting and audit functions and risk framework (refer Principle 7 for information relating to risk). This includes confirming the quality and reliability of the financial information prepared by the Group, working with the external auditor and reviewing non-audit services provided by them and to confirm that they are consistent with maintaining external audit independence.

The Audit and Risk Committee's functions and powers are formalised in a Charter, a copy of which is available on the Website.

The Audit and Risk Committee meets as often as is required to discharge its duties and in accordance with the Audit and Risk Committee Charter. The Chair of the Committee may invite other Directors, Senior Executives and representatives of the external auditor to attend meetings of the Committee as well as seek advice from external advisers. The Audit and Risk Committee reports to the Board in relation to Committee activities and recommendations.

The number of meetings held and attended during FY24 is disclosed in the Directors' Report of the Company's FY24 Annual Report.

Financial Reporting

The Directors are committed to the preparation of financial statements that present a balanced and accurate assessment of the Group's financial position and prospects.

The Board, with the guidance of the Audit and Risk Committee, reviews the Group's half year and annual financial statements.

The Board receives written assurances from the CEO and the CFO confirming that the Group's financial reports present a true and fair view, in all material respects, of the Group's financial position, that the operational results are in accordance with relevant accounting standards and that the opinion has been formed on the basis of sound risk management and internal controls.

The Group's external auditor is required to attend the Company's Annual General Meeting and Security Holders are given an opportunity to ask questions of the Group's auditor regarding the conduct of the audit and preparation and content of the auditor's report. The external auditor attended the Company's 2023 Annual General Meeting.

A copy of the Audit and Risk Committee Charter is available on the Website.

PRINCIPLE 5 – MAKE TIMELY AND BALANCED DISCLOSURE

The Board has adopted a Continuous Disclosure Policy designed to ensure compliance with ASX Listing Rule disclosure requirements.

The focus of the policy is on ensuring disclosure of any information concerning the Group that a reasonable person would expect to have a material effect on the price of the Group's securities and to providing information for investors.

These procedures ensure that timely and accurate information is provided to Security Holders.

Periodic reports to the market which are not audited or reviewed by external auditors are subject to management review to ensure all content is materially accurate and appropriate. The Board reviews and approves all material ASX market announcements prior to release to the market.

All Directors receive confirmation of the release of all ASX market announcements from the ASX market announcements platform, immediately once released.

It is Company policy that any new or substantive investor or analyst presentation is released on the ASX markets announcement platform prior to the presentation being made to investors or analysts.

A copy of the Continuous Disclosure Policy is available on the Website.

PRINCIPLE 6 – RESPECT THE RIGHTS OF SECURITY HOLDERS

The Board is committed to facilitating effective communication with its Security Holders, investors and stakeholders and has adopted a Shareholder Communications Policy to define and support this commitment.

Information is communicated to Security Holders through the lodgement of all relevant financial and other information on the ASX market announcements platform in accordance with its continuous disclosure obligations. Following release and acknowledgement by the ASX, all such information is updated on the investor section of the Website. The Website also contains general information relating to the Company and its business.

The Group's investor relations approach includes:

- Conducting investor briefings and investor engagement following the release of the Company's half-year and full-year results, and at other appropriate times;
- Providing relevant information for Security Holders and investors via the Website;
- Encouraging Security Holder attendance and participation at general meetings.

The Group's Annual General Meeting is an opportunity for Security Holders to receive updates from the CEO and Chair of the Board on the performance of the Group, to ask questions of the Board and vote on resolutions relating to the Group's business. Security Holders are also given an opportunity at the Annual General Meeting to ask questions of the Group's auditors regarding the conduct of the audit and preparation and content of the auditor's report.

Security Holders who are unable to attend general meetings, are encouraged to participate in the meeting by appointing a proxy, attorney or representative to vote on their behalf.

Consistent with previous Annual General Meetings, to recognise the votes of all Security Holders, all items of business to be conducted at the 2024 Annual General Meeting will be decided on a poll.

Security Holders can elect how they would like to receive certain company information including annual reports and documents relating to Security Holder meetings via EXP's share registry. Recognising the timeliness, convenience and environmental advantages of electronic communication, EXP encourages its Security Holders to receive company information electronically by registering their email addresses online with EXP's share registry.

A copy of the Shareholder Communications Policy is available on the Website.

PRINCIPLE 7 – RECOGNISE AND MANAGE RISK

The Board has established an Audit and Risk Committee – refer to Principle 4 for information on the Committee and Committee members. The functions of the Audit and Risk Committee are formalised in a Charter, a copy is available on the Website.

The Board is responsible for overseeing the establishment of and approving the risk management strategy, policies, procedures and systems for the Group.

The Board has delegated to the Audit and Risk Committee responsibility for reviewing and monitoring the Group's risk management framework to provide assurance that significant business risks are identified, assessed and appropriately managed. Senior Management assesses, implements and regularly monitors appropriate risk mitigation measures relevant to and appropriate for the respective business operations. During the year, the Audit & Risk Committee reviewed the Group's overall risk assessment and Management's current view of the overall business risks.

Due to the size of the business, a formal internal audit function has not been established. Internal procedures and processes are relied on to ensure accounting and system controls are appropriate for the business. In addition, the Group's external auditors provide recommendations where internal control weaknesses are identified and, if required, specific functions can be outsourced.
